It was absolutely an incredible experience with trek nation in himachal. Rather than a normal tour guide, Kunal bhaiya and Pablo were like family, it was difficult to differentiate between them and my friends cause the vibe was just same . They made sure that we not only travel but enjoy and have fun that we could actually remember. Their caring nature and experience added a touch of home to us Travelling with them made my this trip the most favourite of all Also hope to travel more with u :)treknation specially with kunal bhaiya & pablo
